REIMAGINING THE TRIBAL UNIVERSE

OVERVIEW

To explore the Imaginative Media as a tool to simulate virtual and interactive experiences that expound the wisdom of the indigenous knowledge systems and highlight the culture of the tribal communities in India, thereby, reinforcing the symbiotic inter-relationship of the tribal communities with local ecology. Each student, individually or in a group, will explore concepts and develop possibilities of creating immersive experiences, thereby, enabling the end users to experience, understand and appreciate the strong relationship of tribal communities with local ecology and thus demonstrate and reiterate the importance of indigenous communities in the fight against climate change through imaginative media.
